Preface.....	vii
Introduction.....	ix

Chapter 1

Industry Standards: Brewing, Holding, and Serving Hot Beverages

Coffee: Creating an Enjoyable Beverage.....	3
The Product.....	3
The Process.....	4
The People.....	4
Conclusion.....	4
Brewing, Holding, and Serving Coffee.....	5
Brewing Conditions: Temperature.....	5
Holding Conditions: Holding Vessels, Temperature, and Time.....	7
Serving Conditions: Temperature and Serving Vessels.....	9
Temperature.....	9
Personal Preferences of Serving Temperature: the O'Mahony Studies.....	11
Expectations of Serving Temperature.....	14
Vessels: To-Go Cups, Lids, Sleeves, and Carriers.....	17
Espresso.....	18
Steamed Milk Beverages.....	19
Steamed Milk.....	19
Lattés and Cappuccinos.....	21
Tea.....	22

Chapter 2

Burns from Hot Beverages

Definition of a Burn.....	25
Degrees of Burns.....	25
Types of Burns.....	25
Burn Variables.....	25
Primary Variables: Temperature, Volume, Duration of Contact.....	25
Secondary Variables.....	26
The Mouth vs. the Skin.....	28
Amount of Liquid.....	28
Skin Surface.....	28
Psychological Impact of Burns.....	30
Knowing it is Hot vs. Knowing it Burns.....	30

Chapter 3

Preventive Measures: Warnings and Spill Reactions

Before a Spill: The Warning Process 35

- Warning Psychology 38

 - Consumer Variables..... 38
 - Warning Variables 39

Applied Warning Psychology: Hot Beverage Warnings 41

After a Spill: First Aid and Recording the Incident..... 46

Chapter 4

Brew and Sue: Hot Beverage Litigation

Lessons from Past Cases..... 49

Frivolous Lawsuits 50

Common Claims..... 51

- A Walk through Common Claims Involved in Hot Coffee Litigation..... 52
- Strict Liability: Design defect and failure to warn claims..... 53

 - Design defect claim 53
 - Failure to warn claim 53

- General Liability: Negligence and Implied Warranty of Merchantability 54

Your Defense: Your Expert Witness(es)..... 54

Overview, Claims, and Outcomes of Hot Beverage Lawsuits..... 55

Cases That Were Settled Outside of Court..... 61

- Other Relevant Cases 63

Conclusion 65

Summary of Recommendations 66

Graph Summary..... 69

Acknowledgements..... 71

Appendix 73

- Steam: In Context..... 73
- Comparison Temperatures..... 73
- Current warnings used on cups, lids, sleeves, and drive-thru windows..... 73
- Recommended Question Topics for the Plaintiff..... 74
- Recommended Question Topics for the Expert Witness for the Defense: .. 74
- Recommended Resources 74
- Expert witnesses in past hot beverage spill cases: 75

Works Cited..... 77
